Mustafa Barakzey

Senior Full-Stack Developer | C# | .NET

Summary

As a Full-Stack developer I have more than 5 years of work experience, and I am looking for an opportunity to use my skills in a professional work environment.

I also have experience working as a project manager, which has made me strong in technical skills such as debugging and troubleshooting, understanding written code, etc.

responsible, energetic, eager to learn individual, team work and .. are my soft skills .
